

Claire Blanche's

EMERGENCY COFFEE WARMING SPELL

1. Raise both arms
like the universe
owes you rent.

2. Lower them slowly
to shoulder height.

3. Hands on waist.
Confidence optional.

4. Right hand into
a fist. Summon
mild authority.

5. Lift index finger.
Focus on the
cold coffee.

6. Bend forward and
press the microwave
button.

FINAL NOTE:

30 seconds.
Coffee becomes acceptable.
Not too hot. Not too cold.
Still not magical enough
to fix your life.
